Community creates a new garden for Bragbury End

In 2016 Bragbury End Residents' Association told us of a strip of land and that they would like to take over to create a community garden. The council had no other plans for the land and were pleased to accept the residents' offer to take care of it.

Green-fingered volunteers of all ages planted raised beds and bushes at the garden and have mulberry, walnut, pear and cherry trees as well as flowers and shrubs. They have created a thriving display for all residents to enjoy and used it to join in with our celebrations to mark the town's 70th anniversary.

The Bragbury End Community Garden volunteers meet on Saturday mornings for gardening sessions, and also regularly hold social events there.
