Our traditional responses won't work

Managing demand

Finding the balance - achieving sustainability

Optimising supply

Behaviour change model

Traditional efficiency model

New delivery models

We need to take managing demand at least as seriously as optimising supply

Co-production

Demand
management

Corporate social
responsibility

Local
democracy

Cross-sector
collaboration

Mutualisation

Commissioning

Community
finance

Social enterprise

Social
value

Prevention

Community
capacity-building

Social
investment

Community
engagement

Power to the people

Join Oldham's collective energy switching scheme and save up to £150 per year on your energy bills.

- Cheaper energy
- Easy and quick to join
- No obligation
- Benefits the community
