

ENERGY

Norwich City Council

Cosy City

Through the scheme home owners can access advice, support, grants and loans to support a wide range of energy efficiency measures. Since March 2014 the programme has assisted over 1000 households by providing general advice and has installed 43 cavity walls, 59 lofts, 66 Solid Wall installations and 32 new energy efficient boilers.

Cosy City is a Green Deal Community funded scheme which assists residents in the Norwich City areas keep their homes warmer in winter and their energy bills lower throughout the year. Over £0.5 millions of government grants have been awarded to help reduce the installation costs of the improvement measures.
