## SUSTAINABILITY

Glasgow City Council

### Hosting a Green Year across 2015

Glasgow came a close second to Bristol for the title of European Green Capital 2015. It is one of the city's great traits that a bid like that should always have a legacy so Glasgow is during a major programme of activities and events across all twelve months of 2015 – Glasgow's very own Green Year. Each month has offered residents and visitors encouragement to live a greener lifestyle, resources to help them and fun activities to promote our positive message about more sustainable forms of urban living.
