Stevenage Borough Council

Residents help improve local park

Residents involved in the Friends of Hampson Park community group have been working with Stevenage Borough Council to help maintain and enhance Hampson Park as a green and pleasant place to visit by:

- Applying for funding to support provision of new equipment in partnership with the council, such as an outdoor gym, skate park.
- Running events such as the annual Teddy Bears Picnic, and new this year "Music in the Park".
- Volunteering to maintain the grounds in partnership with the council, which includes shrub beds, tree planting, and general clearance as well as reporting issues such as dog fouling, fly tipping, broken fences, benches etc.

The Friends of Hampson Park committee meet once a month to plan their activities. The park now has green flag status.
