Dear Members

One further project (in our locality) has been submitted for Cheshire West Crowd's 5th funding round - link to live project information provided below:

Link to live project:	Ward Member (if applicable i.e. project to benefit specific ward only) – Score project between 1 and 5 (1 being poor and 5 being excellent)	Locality Member – Score project between 1 and 5 (1 being poor and 5 being excellent)	Declare an interest yes/no

The Community Innovation Fund assessment panel (which consists of councillors, officers and third sector representatives) would value your feedback. Please review this live project page before completing the relevant boxes above. This project should be scored objectively based on the following Community Innovation Fund criteria:

The Community Innovation Fund will enable local organisations, charities, the voluntary community and faith sector and CICs to fund local projects that give lasting benefits. We welcome project ideas that address challenges experienced by rural communities and/or projects that align with the following six co-produced missions for the borough:

- *Starting well*
- *Tackling hardship and poverty*
- *Resilient people living their best lives*
- *Opportunity in a fair local economy*
- *Neighbourhood pride*
- *Greener communities*

Please email your score and any feedback to myself by 12noon on Tuesday 1 October 2024. Also, should you wish to contribute some of your Member budget allocation to this local community project, confirm the amount and whether the contribution is subject to the project hitting its target or not.

Unfortunately, project scores and feedback received after the deadline cannot be included.

If you have any questions about this request, do not hesitate to get in touch.

Kind regards
